Houston Coalition Against Hate (HCAH) is a network of community-based organizations, institutions, and leaders who come together to reduce hate and encourage belonging.

We are committed to addressing all incidents of hate, bias, violence, and discrimination on the basis of a person or group’s religion, race/ethnicity, gender, gender identity/expression, abilities, age, sexual orientation, national origin, creed, immigration status, or genetic information. HCAH does this through education, research, relationship building, and prevention initiatives, as well as partnering with organizations to host events that celebrate the diversity that makes Houston strong.

MISSION

VISION

To be a successful model for the prevention of hate, bias, violence, and discrimination.

VISIONARY JUSTICE CELEBRATION

The Coalition will celebrate our 5th Anniversary this year with the inaugural Visionary Justice Celebration, on the evening of Thursday, November 16, following the keynote address of A Time of Perspective, HCAH’s annual series of community events focused on exploring art in the space of advocacy and activism.

The goal of the Visionary Justice Celebration is to raise awareness of the organizations, individuals, and initiatives that support communities targeted by hate; to bring Houstonians together in the spirit of community; and to raise funds to support the Coalition’s mission to reduce hate and encourage belonging.

We will honor Nikkolas Smith, contemporary artist, illustrator, activist, author of The Artivist and our keynote speaker. We will also honor a Houston community leader who has demonstrated their commitment to nurturing compassion and belonging. We thank you for supporting this important work and invite you to attend and celebrate with us.
$25,000 - CHANGEMAKER
